RUSSIAN SQUADRON SAILING NORTHWARD

Reported To Be 70 Miles North Of Kamranh Bay.

DESTINATION IS YET UNKNOWN

However, It Is Genereally Believed Rojestvensky Is Heading for Vladivostok by Way of the Pacific—British Vessel Sees Warships.

Tokio, April 28.—5 p. m.—The Russian second Pacific squadron was sighted today off Cape Varela, 70 miles north of Kamranh bay.

Destination Is Unknown.

Kamranh Bay, Via Saigon, Cochin-China, April 29.—The Russian squadron with its transports left its last stopping place Wednesday evening for an unknown destination. The warships were provisioned for six months and it is thought here that they were bound for Vladivostok by way of the Pacific.

Four German colliers arrived at Kamranh Bay too late to proceed with the squadron, but they subsequently sailed in the same direction in efforts to catch up with it. Vice Admiral Nebogatoff's division was expected to arrive yesterday in Indo China waters where, it is believed, the admiral will receive instructions regarding the place where he is to effect a junction with admiral Rojestvensky whose squadron besides 25 warships includes a repairing ship and a watertank ship.

British Steamer Sees Warships.

Island of Penang, Straits Settlement, April 29.—The British steamer Catherine Apcar which arrived here today from Calcutta, reports having passed two detachments of eight and seven warships respectively last night 60 miles south of Penang. They were heading for Singapore.

RUSSIA CELEBRATES EASTER.

All Business, Both Public and Private, Have Ceased.

St. Petersburg, April 29.—Three days' hard fasting preceding Easter accompanied by solemn services commemorative of Christ's passion began today. Business of every description ceased and all the government departments were closed. The alarming reports circulated during the last few days apparently had little effect on the size of the crowds who thronged the churches, where the tragedy of Calvary was vividly enacted.

The day was also marked by the observance of the traditional ceremonies of freeing birds, lighting bonfires and placing holy bread in bins, but the bright sunshine did not fail to make a deep impression on the superstitious in the midst of the gloomy forboding of evil, being an augury of drought and crop failure which in Russia is synonymous with famine and disaster.

The diplomatic corps, including Ambassador Meyer attended the services at St. Isaacs cathedral. Every member of the Orthodox church took communion today, the emperor and the imperial family attending the services and taking the sacrament at the chapel of the Alexandra palace at Tzarskoe Selo.

Opposes Railroad Rate Bill.

Boston, April 29.—Congressman Samuel W. McCall in an address before the Beacon society here has strongly opposed the adoption by congress of a railroad rate bill, the passage of which he declared would be a violation of certain great and essential principles of government and likely to be followed by far-reaching and disastrous consequences.

Quick Trial for Safe Blowers.

Lawrenceville, Ga., April 29.—A petition is being circulated in this county asking Judge R. B. Russel to call an extra session of the superior court to try the men who are in jail here charged with safe blowing at Carl, Ga. Judge Russell has promised to hold this court in May, provided 50 citizens sign the petition.

MRS. SMITH GOES ON STAND.

Prosecution Calls Nan Patterson's Sister as a Witness.

New York, April 29.—The story told by Mrs. J. Morgan Smith, on the witness stand yesterday and the prospect of her cross-examination by counsel for the defense today served to intensify interest in the case of Nan Patterson.

The appearance of Mrs. Smith as a witness for the prosecution came in the nature of a surprise to the defense. Mr. Levy professed to be very well satisfied with the move, however, and said that cross-examination of the witness would afford an opportunity to place before the jury evidence which could not be produced in any other way. He also believes that the direct testimony of Mrs. Smith has only received to strengthen the case of the prisoner, as supports in many important details the testimony given by Miss Patterson herself at the last trial a portion of which was read to the jury yesterday.

The direct examination of Mrs. Smith which was not completed yesterday was resumed today. Mrs. Smith testified yesterday that Miss Patterson had expected Caesar Young to get a divorce from his wife, and marry her. She herself believed that Young intended eventually to marry her sister until last May, when Leslie Coggins told her that Young did not intend to carry out the agreement. Miss Patterson became greatly excited when Coggins' statement was repeated to her, Mrs. Smith said.

DR. OSLER LEAVES COLLEGE.

He Goes to Fill a Chair in Oxford University, England.

Baltimore, Md., April 29.—In his farewell address to the medical profession of Maryland, before leaving for his post as regius professor in the University of Oxford, Dr. William Osler urged the fusion of medical colleges in this and other cities of the country.

Medicine gives more hope for humanity than anything, he said, and combination and reciprocity are the greatest needs. Reciprocity between the state boards should be extended, he believed, so that a director's activity shall not be limited in moving from state to state.

It is time, he continued, that the homeopathic brethren were coming into the fold. A difference in drugs should no longer separate men with the same hope. Th original quarrel is ours, but the homeopathics should not allow themselves to be separated by a shibboleth that is inconsistent with their practice today.

The most dangerous foe to medical science is apathy. Thirty-five per cent of deaths in a community are due to apathy which goes to counterbalance the advance of the medicine in the last century.

Sheriff Is Asked to Resign.

Hempstead, Tex., April 29.—At a meeting held here resolutions have been adopted asking Sheriff Lipscomb to resign, that a ranger might be appointed sheriff to execute the law. The sheriff answered that it was a move of his enemies, that he would not resign and that the laws were being duly enforced. He disclaims any reason for believing that he could have prevented the recent killing of the four men had he been here.

Knights of Columbus to Meet.

Atlanta, April 29.—The state convention of the Knights of Columbus will be held in Atlanta next Tuesday, May 2, and prominent knights from all over the state are expected to be in attendance. Big delegations from Savannah, Macon and Augusta will be here and members from other parts of the state are also expected. Between 50 and 100 deelgates will be in attendance.

Royal Arch Masons Adjourn.

Macon, Ga., April 29.—The delegates to the grand chapter of Royal Arch Masons, completed its work and adjourned. The principal duty disposed of was the installation of the newly elected officers. The other work of the session was principally routine, and all business was disposed of somewhat earlier than had been expected. The delegates left this afternoon for their homes.

CHICAGO IN THROES OF ANOTHER STRIKE

Rumored That United States Soldiers May Take a Hand.

A TEAMSTER IS BADLY BEATEN

He Was Unconscious When Rescued by Police—The Ranks of the Strikers Have Been Largely Augmented in Last Few Days.

Chicago, April 29.—Soldiers seen on the streets of the business districts today gave rise to the reports that the troops from Ft. Sheridan had already been ordered to Chicago to suppress rioting in connection with the threatened wholesale sympathetic strikes growing out of the troubles of the garment workers and teamsters. Rumor had it that the "regulars" were quartered in the new postoffice, but this report was not confirmed.

From the appearance of the soldiers it was inferred that they had been in the city but a few hours. None of them were in possession of rifles or other arms. The uniforms, though, were spotlessly clean, and it was assumed that they had left the fort late last night or early this morning.

In the corridors of the Great Northern hotel the story went the rounds that lights were seen burning on the upper floors of the new postoffice at an early hour. Guests in the hotel asserted that several companies of troops were in the structure. Later is was said the soldiers had come to Chicago on social affairs.

Scenes of violence in connection with the strike begun promptly today, the first victim being a negro teamster seen to enter the Monroe street barns of A. M. Forbes Cartridge company, whose teamsters joined the ranks of the strikers yesterday. He was later seen to leave the stables. Several pickets gave the word he had applied for a position as teamster in the stables. Thereupon the negro was followed by strike sympathizers. At DesPlaines street he was overtaken by his pursuers. The fugitive attempted to defend himself from the mob which had quickly gathered, but he was kicked and beaten into insensibility.

The arrival of a squad of police put an end to the disturbance. The injured man was taken to a hospital, where he was found to be severely cut and bruised about the head and body.

The greatest number of Union pickets were stationed today about the stables of the Employers' Teaming company in Eighteenth street, near State street, where a number of teamsters are housed. Police were sent to protect the nonunion men as it was feared that the mob would raise a disturbance in the vicinity of the stables.

Fifty negroes from the south, who are to take the place of strikers arrived in a box car on the Chicago, Burlington and Quincy railroad today. They were placed in coal wagons belonging to the employing teamsters and taken to the barns of J. V. Farwell company. Occasional bottles and other missiles were thrown from the windows at the newcomers but the negroes proved good dodgers.

Peonage Case Is Dismissed.

Jacksonville, Fla. April 29.—Judge Locke, of the federal court, has issued an order sustaining the demurrer to the indictment against John W. Bennett and Richard Bennett, of Bradford county, who were indicted on the charge of holding Maggie Williams in peonage on July 1, 1903. All parties are white and the Bennetts are prominent citizens. Judge Locke's order virtually dismisses the case. This is the only case of peonage ever alleged in Florida.

Lincoln's Relative Found Dead.

New York, April 29.—Miss Francis Amelia Lincoln, 75 years of age, a relative of President Lincoln, has been found dead at her home in New Rochelle. She had been ill for some time. Miss Lincoln was frequently a guest at the White House during the Lincoln administration, and was present at the funeral of the president.

YACHT WAS IN NO DANGER.

Reasons Why Captain of Fruit Vessel Did Not Aid Ship.

New York, April 29.—Because he considered the yacht in no immediate danger, had a perishable cargo which would make any delay of his own dangerous, and had no towing gear, are since the incident Captain Hoteville of the friut steamer S. Oteri, for his failure to go to the assistance of President Roosevelt's yacht Sylph when she was lying disabled south of Bodie island.

The S. Oteri arrived here from Banes, Cuba, and for the first time since ethe incident Captain Hoteville had an opportunity to give his version of the affair. He said:

"We were steaming along under full headway when I sighted flare lights on a vessel ahead. This vessel was about 8 miles off the land and 16 miles sout. of Bodie's island. The night was clear and the weather good. The signal was given to stop the engine, but the wire broke and before I could communicate with the engine room we were out of range of hearing. As soon as the wire broke I made ready to hail the distressed craft. A hail came:

"'Will you tow us out?'

"I answered: 'I cannot; drop your anchors; you are in 14 fathoms of water; I'll report you at Cape Henry.'

"I reported the ship's distress to the pilot and told them to send a tug. We had perishable cargo on board; the yacht was in no danger, and as I had no towing gear, I did the best thing I could under the circumstances."

G. A. R. WILL ENTERTAIN VETS.

Confederates Will Be Guests of Grand Army Men Memorial Day.

New York, April 29.—Four hundred confederate veterans, members of the local camp, are to be the guests of the U. S. Grant G. A. R. Post, Grand Army of the Republic, on Memorial day, and from 9 a. m. until late at night the veterans of the two armies will mingle.

Senator Blackburn, of Kentucky, is to deliver the oration of the day at Grant's tomb. It will be the first time that confederate veterans have marched with union veterans in this city.

Acording to the program, the veterans will first parade in Brooklyn. Thence they will go by boat to Grant's tomb overlooking the Hudson. Luncheon will be served aboard the boat and after the exercises the entire party will return to Brooklyn by water where diner will be served. The U. S. Grant post two weeks ago voted unanimously to invite the confederate veteran camp to parade with the post and the committee will attend a meeting of confederate veterans later.

Charged with Killing Her Child.

Richmond, Va., April 29.—A continuance until Monday was today granted at the hearing of Mrs. Sheppard K. Smith, in the Manchester mayor's court on the charge of causing the death of her 5-year-old son Ralph by beating him to death. The woman alleged that she beat the child to correct him. She was charged with murder in the first degree, and her husband, who left the city on the morning of the death of the child, is charged of being an accessory. The woman is from New York. She was committed without bail.

Fertilizer Tags Thrwon Away.

Atlanta, April 29.—That the fertilizer companies have bought more tags than they have used this year, and that numbers of fertilizer tags have been thrown away, and five or six tags placed on each sack is a very evident fact now, and the public can no longer be fooled by the statements that the heavy increase in the sale of tags indicates a heavy increase in the use of fertilizers. President Harvie Jordan of the Southern Cotton association calls attention to the methods which have been pursued for advertising purposes.

Switch Engine Kills Two Men.

Cairo, Ill., April 29.—A buggy containing Wendell Whittaker, and a negro named Latham was struck by a switch engine today. Both Whittaker and Latham were killed. Whittaker was a nephew of Postmaster Miller, of this city.

GEN. FITZHUGH LEE DIES IN WASHINGTON

Succumbs to Stroke of Apoplexy En Route From Boston.

ONE OF EARTH'S HEROES GONE

Served in Two Wars—Won Rapid Promotion for Bravery—Born in Virginia—Served as Governor of State. Honored by President United States.

Washington, D. C., April 29.—Gen. Fitzhugh Lee of Virginia died here at 11:20 last night from the effects of a stroke of apoplexy, with which he was stricken on his way from Boston to this city. The end came suddenly, and without pain.

Gen. Lee was born Nov. 19, 1835, at Clermont, Va., being nearly 70 years old at his death. He was a nephew of the great Gen. Robt. E. Lee. He received his military education at West Point, and was later on instructor there. His bravery won him rapid promotion in the Confederate army, and in the war with Spain, after he left Havana where he was United States minister, he was major-general.

THREE MEN FATALLY INJURED.

Buried Under Ruins of a Building that Was Blown Up by Explosion.

Huntington, W. Va., April 29.—Three persons were probably fatally injured, three others badly hurt, and at least two are buried under the ruins of the Mossman building, which was wrecked by a gas explosion, which caused damage estimated at $100,000.

The two bodies known to be under the ruins are those of Cleve and Frank Rude, and it is feared that some others are also buried.

Six people were rescued from the debris, all badly injured and three of them will probably die. Those probably fatally injured are Hall Ross, Frank Bates and Ida Stafford.

The explosion was the result of the ignition of escaping natural gas.

Practically every plate glass window within a block was broken. Both the adjoining buildings were compeletely wrecked.

DOUBLE TRAGEDY IN ARKANSAS.

Man Kills His Wife Then Blows Out His Own Brains.

Hot Springs, Ark., April 29.—A probable murder followed by suicide occurred in a rooming house here, when W. H. Wilder, of Kansas City, Mo., is alleged to have shot his wife, the ball entering near her left eye and penetrating the brain.

After the shooting Wilder went to get a physician, who, upon examination, told him the woman's wound was fatal and accused him of shooting her, as her clothing was torn and there were other evidences of a struggle.

This Wilder denied and claimed the woman shot herself accidentally. The physician left to call an officer and Wilder retired to another room and blew out his own brains.

Mrs. Wilder cannot survive.

Negro Preacher Accused of Assault.

Milledgeville, Ga., April 29.—The Rev. J. G. Robinson, pastor of the African Methodist church of Milledgeville has been arrested on a warrant sworn out by Rev. C. J. Jones, the negro presiding elder of the Columbus district, who lives in this city, on the charge of attempted assault upon the person of C. J. Jones' wife. It seems that Jones' wife told him on his return from one of his churches of Robinson's action. Jones swore out the warrant and Robinson is in jail.

May Order Minister Bowen Home.

Washington, April 29.—Secretary Taft is considering the advisability of ordering Mr. Bowen of Caracuena, to report forthwith in Washington to explain the charges against Assistant Secretary Loomis, which he has conveyed to Secretary Taft in a personal letter. If President Roosevelt assents this order will be issued immediately.

ACTIVITY IN THE SENATE AND HOUSE

Many Bills Reported on Favorably by Regular Committees.

KEY WEST RAILWAY EXTENSION

Kindergarten Schools to be Established—Fertilizer Bill Made a Special Order for Tuesday—Appropriations for State Colleges.

Tallahassee, April 29—In the Senate yesterday morning, Senator Jackson secured the adoption of a resolution to furnish that body with an itemized statement of money paid out for special counsel by the State and information regarding counsel in State employ.

Senators Adams and Davis were appointed members of joint committee to inspect Florida Coast Line Canal and Transportation Company.

New bills introduced and referred:

Senator Massey—To protect fruit treess in Orange county and appointment of horticultural commission.

Senator Wilson (by request)—To permit owners of mill ponds and adjoining lands to prohibit fishing in said ponds without permission of owners or agents.

Senator Blount—To provide for the incorporation and powers of trust and security companies.

Senator Faulkner—To amend the law relative to the assessment and collection of revenue.

Senator Neel—Declaring Morrison spring and creek in Walton county navigable; also, making an appropriation for land and buildings for the State Normal School at DeFuniak Springs.

Senator Davis—For the relief of H. S. Maddox and others; also a bill creating a lien for attorneys-at-law in certain cases.

Senator Gillen—Empowering county boards of public instruction and of special school tax districts to establish kindergartens under certain conditions.

Under the consideration of bills on their second reading, Senator Blount's bill to define tenancies at will and to prescribe the mode of terminating them, was slightly amended, and ordered engrossed for its third reading.

Senator Adams offered an amendment to Senator Trammell's fertilizer bill, making the manufacturer, instead of the vendor, responsible. Senator Trammell debated against the amendment, claiming that it would cripple the object of the bill, and would protect the merchant instead of the farmer.

After some discussion the bill was made a special order for 11 o'clock Tuesday.

Committee Reports.

The committee on education reported favorably upon the Trammell bill providing for the teaching of the elementary principles of agriculture and the elements of civil government in the common schools, recommended the printing of the bill providing for county teachers' institutes, and recommended the bill providing for payment of interest on school warrants.

The committee on agriculture reported favorably upon the bill for protection of owners having stock killed or injured by another, with or without malice toward the owner, or not having a lawful fence.

The committee on engrossed bills reported back the following bills as having been properly engrossed, and these will appear on Monday's calendar among bills on third reading: Bill amending section 3, Revised Statutes; bill prohibiting shooting of pigeons, etc., for amusement or test of skill; bill prohibiting the using of checks on banks and other persons when makers have not sufficient funds to meet same; bill providing for local system for Osceola county in construction and maintenance of roads and bridges in said county; bill making more perfect record of titles to real property; bill to regulate practice of veterinary medicine and surgery.

Senate adjourned to Monday at 4 o'clock p. m.

In the House.

Tallahassee, April 29—The following bills were introduced yesterday:

Speaker Gilchrist (by request)—To confer on justice of the peace jurisdiction to try cases of forcible entry and detainer.

Mr. Stevens—To appropriate money for land and improvements at the State Normal College at DeFuniak Springs.

Mr Kirkland—To declare Umatilla a legally incorporated town.

Mr. Rawls of Leon—To make appropriations for the University of Florida, Florida State College, East Florida Seminary, South Florida Military College, State Normal College at DeFuniak Springs, St. Petersburg Normal and Industrial School, and Colored Normal and Industrial School at Tallahassee, for the last half of 1905, all of 1906 and the first half of 1907, and deficiencies.

Mr. Sistrunk—To prohibit sheriffs and other officers from handcuffing together white and colored prisoners.

Mr. Wartmann—To repeal laws relating to agricultural statistics.

Mr. Persons—To provide for taxes on franchises.

Mr. Rosborough (by request)—For relief of certain individuals.

Mr. Dyal—For relief of H. S. Maddox and others.

Mr. Johnson—To provide for reimbursements to property-owners for property stolen by State convicts.

The committee on railroads and telegraphs, through Chairman Dorman, reported the Senate's Key West railroad extension bill, recommending that the bill be passed, after striking out the fifth and sixth sections, which were deemed of a nature to impair the powers of the railroad commission. A motion to take up the bill on second reading to consider the committee amendments failed because of the objection of Mr. Blanton of Taylor. The bill took its place on the calendar.

The select order of the day was General Jewell's motion to reconsider the vote by which his bill to provide for the inspection and analysis of and to regulate the sale of commercial feeding stuffs in the State, was defeated yesterday. General Jewell spoke briefly, but very earnestly, in favor of the reconsideration of the adverse vote on his bill, and after much discussion the bill was made a general order for May 4.

Mr. Noble of Lake withdrew his motion to reconsider the vote by which the bill to prohibit the shooting of live pigeons and other fowls was defeated yesterday. This ended the pigeon bill.

The committee on railroads and telegraphs made a supplementary report on the Key West railroad bill, stating that it was a bill of public importance, and asking that it be made a special order for May 20 at 10 a. m., which was adopted after debate, and the bill ordered printed and made special order for 11:30 Saturday.

Mr. Cobb's bill to protect fresh water fish was adopted.

Mr. Wells' bill to fix the per diem of county commissioners at $3 was passed 32 to 9.

Mr. Sistrunk's bill authorizing and empowering the city of Ocala to make assessments upon real estate and personal property within its corporate limits, and prescribing the duties and powers of the city council in relation thereto, and providing for the enforcement of the collection of taxes, was read both the second and third times and passed 45 to 0.

Mr. Wartmann's bill authorizing the city of Ocala to combine certain offices, fix terms of officers, borrowing money, etc., was passed.

Mr. Wells' bill relative to sale of stock in bulk was made special order for next Wednesday morning.

Mr. Stephens' bill to amend the primary election law to require payment of poll taxes at least ten days before the primary elections, and to provide assistance for voters unable to prepare their ballots, was read the second time and ordered engrossed.

Mr. Wells' bill to provide a compensation ($3 per diem) to be allowed justices of the peace and county judges when engaged in any trial before them, was amended and ordered engrossed.

A communication was read from Hon. Jefferson B. Browne, chairman of the railroad commission, giving a detailed statement of the amounts disbursed by the railroad commissioners for special counsel since the organization of the commission in 1897. The totals for legal services approximated $10,000. Among the counsel employed were J. M. Barrs, J. Emmett Wolfe, A. N. Cockrell, J. L. Neely and B. S. Liddon.

ANAEMIA

is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

MALARIA A Poison Breathed into the System

The air arising from low, marshy places, damp cellars, stagnant ponds and pools and from decaying vegetable matter, as well as the gases from sewers, is loaded with germs of malarial poison. The water we drink, that has not been properly filtered and purified, is also full of these germs and microbes, and as we daily breathe and drink millions of these into the system, to be absorbed by the blood, the entire body begins to feel the effects of the poison. The most common form of Malaria is "chills and fever," but when the blood is thoroughly saturated with the poison it becomes so weak and polluted that abscesses, carbuncles, boils, sores, ulcers and other skin diseases result. Malaria also affects the liver, kidneys, bowels and stomach, producing a chronic state of biliousness that often results in jaundice or some malignant fever. In cases of Malaria the blood must be purified before the body can regain its natural health. S. S. S. contains purifying and tonic properties possessed by no other blood medicine, and is the ideal remedy for the treatment of Malaria. It destroys the germs of the disease and builds up the weakened, polluted circulation. It enters into the blood and forces out every particle of poison and waste matter and adds strength and activity to it. S. S. S. improves the appetite and digestion, tones up the entire system by its alterative and purifying action, and Malaria, with all its bad effects, is permanently driven from the system. Book on the blood and any medical advice, without charge.

MALARIA IN HIS SYSTEM FOR YEARS

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. It entirely cured me; I have never been troubled since. 913 W. Market St., Louisville, Ky. I. SHAPOFF.

EO. W. MOYERS RESENTS INSULT

ores Major Tench for Article Which Appeared in Star

VER HIS OWN SIGNATURE

oes Not Appreciate the Attitude of the Author in Censuring the Decoration of Confederate Monument, and Scores Him Good.

Editor Sun: The following communication appeared in The Gainesville Star of date the 28th, but issued this morning, I think:

"Voluntary Shame.

To the Editor of The Star:

"A chiel's anang ye takin' notes;
An' faith he'll prent 'em."

"The most uncalled-for, unsolicited, unwarranted act of self-abasement, voluntary degradation and idiotic ignominy ever perpetrated by persons claiming to be self-respecting was the exhibition of the Gainesville Confederate monument in its grotesque tawdriness and servile decoration on Decoration Day.

"In the money-loving, hustling, wide-awake city of Atlanta on that day every store was closed and from a thousand points of vantage the breezes kissed the folds of the 'Bonnie Blue Flag.'

"In Savannah the 'Stars and Bars' floated wide from its staff on the First National Bank, and all over the South flowers fell in profusion from the hands of fair women upon the graves of friend and foe alike.

"Then who demanded that the feelings of the living Confederate should be wounded by having their battle-scarred flag dishonored? The brave men among us who wore the blue asked no such sacrifice, for a *soldier* never humiliates a *soldier*. *Accusare nemo se debet.* J. W. TENCH."

Upon reading the above I immediately addressed the following letter to John W. Tench, and sent it to him by a friend whom I requested to wait for a reply, but was advised by this friend on returning that Mr. Tench told him to tell me that he would give me a reply tomorrow—Sunday morning:

"Gainesville, Fla., April 29, '05.
JOHN W. TENCH, Esq.,
"City.

"Sir: In The Gainesville Star of the 28th I find the attached clipping over your name. My purpose in writing you is to ask if the language used by you was provoked or inspired by the fact of my having placed the United States flag over and above all things else in decorating the Confederate monument; and further I want to know whether your criticisms were, or are intended to apply to me personally and alone, or to the ladies of Kirby Smith Chapter, who approved my work, or to both myself and the ladies jointly? I will thank you for a clear, full and emphatic reply by the hands of the bearer.

"Yours to the end,
"GEO. W. MOYERS."

As will be seen from my letter, I desired to give J. W. Tench a chance to explain or justify himself in writing the foul and villianous stuff he had printed; and at same time to give me such information as would enable me to reply intelligently for those against whom he had launched his billingsgate. But as he well knows there will be no Sun out after Sunday morning till Tuesday morning, and The Star does not shine again till next Friday, he might keep me quiet by withholding reply to my letter till The Sunday Sun was printed.

Pretty good tactics, but it won't go this time, as I have to leave the city on the 7:40 train Tuesday morning, to be away on a business trip for several days, and I deem it my privilege to say a word in advance of his delayed reply, and I may have another one or two to say after that is received.

At present I will content myself with the remark that J. W. Tench is heartily welcome to all the praise and notoriety he may get through the press and the general public for the language he has pumped the depths of depravity to gather, and that no one who reads it would have to *see* his name signed to it to *know* who wrote it.

GEO. W. MOYERS.

N. B.—An hour or more after above was in the hands of the printer I received a reply from J. W. Tench, to which I will attend hereafter.

GEO. W. MOYERS.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

CARD FROM MAJOR TENCH.

Answered Letter to Mr. Moyers Late Saturday Afternoon.

Editor Sun: After due consideration of the letter from George W. Moyers in regard to decoration of monument, etc., I decided to answer the same this afternoon instead of Sunday, as I had stated to the messenger who brought Mr. Moyers' letter.

Following is a copy of the letter:

"Gainesville, Fla., April 29, 1905.
"GEO. W. MOYERS, City.

"Sir: I am utterly at a loss to understand why you should desire to draw ladies into any grievance you may have considered against me. I never for a moment believed that Southern women could or would do aught to wound the feelings of Southern soldiers, nor that a Southern soldier would hide behind female skirts. If you are the one who placed the flag of the 7th Florida regiment in its humiliating position on Memorial Day, then, sir, the criticism is intended for you. I notice you wind up your letter with the words 'yours to the end.' Therefore, I will say,

"JOHN W. TENCH,
"At your service."

A Thousand Dollar's Worth of Good

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

ANOTHER DESCRIPTION

Of the Decoration of the Confederate Monument.

The following is an extract from Mrs. Strobhar's report of the Kirby Smith Chapter which she will present to the convention at Pensacola:

"Our Confederate monument on that occasion was most carefully decorated; the U. D. C. colors of red and white were festooned from the cap to the four corners in graceful folds. Rare pot plants and cut flowers bedecked the mound, and four large laurel wreaths whispered of the fallen heroes who wore the grey. A tattered Confederate flag waved on the breeze from the hand of the bronze Confederate soldier which surmounts the monument, and above all 'Old Glory', the flag of our united country, was poised, as if proclaiming to the world a protection to the memory of the 'Stars and Bars.'"

Rheumatic Pains Quickly Relieved.

The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the liniment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. For sale by all druggists.

Bar Association.

A meeting of the attorneys of the city was held in the office of W. E. Baker Saturday, when a temporary bar association, to be known as the Alachua County Bar Association, was organized by the election of Judge Horatio Davis as president and B. T. Ellis, Jr., secretary. A committee, comprising W. E. Baker, B. A. Thrasher and W. S. Broome, was appointed a committee to draft constitution and by-laws, when the meeting adjourned until Monday evening at 7:45, at the office of Attorney Baker.

It is stated that Biglow, the defaulting Milwaukee bank president, has filed a petition in voluntary bankruptcy. Why this undue haste?

The Sunday school workers of Gainesville will try to get up more enthusiasm along that line. An hour at Sunday school is a benefit to boys of all ages. And girls, too.

For the sake of a newspaper controversy The Punta Gorda Herald says "the shade of an oak tree is the lair of that ferocious monster, the typhoid fever microbe." That settles the question for all time.

The people of Alachua county are not really suffering for rain, but a few gentle showers would not come amiss. In many places not far from this city, however, there have been refreshing rains during the week just passed.

Dr. D. K. Pearsons of Chicago gives $135,000 to Southern colleges on the condition that they raise $3 for every $1 he donates. And the money must be raised within a year. Now, if Mr. Carnegie would only plank down the $405,000.

And now it is stated that Andrew Carnegie has ten million dollars for the purpose of establishing a fund to provide retiring pensions for teachers in the universities, colleges and technical schools of the United States, Canada and New Foundland, under such conditions as the trustees of the fund may prescribe. Carnegie has selected a number of presidents of colleges and universites for the board of trustees.

The Florida Legislature is evidently determined on business, and of the many bills introduced it is noticeable that, with but few exceptions, all are for the best interests of the State. Of course there are people in the commonwealth who have acquired a habit of kicking at men and measures, and because they "don't like that man nohow," will find fault. In matters pertaining to education, excellent judgment is being used, and in this instance the present Legislature deserves the esteem of the entire State.

At the birthday celebration of the late General U. S. Grant, by the Union League Club of Brooklyn, Senator John W. Daniel of Virginia was the guest of honor. "The Return of the Flags" was the subject of his toast. He expressed hearty appreciation of the act, and said it was worthy a great people. "I, too, am an American citizen," Senator Daniel said, "and am proud to be with you tonight. I would sooner trust my honor to some true soldier who fought against me than to some theorist who stood in the background. I don't suppose you want me to discuss the questions that divided us, and as I brought no microscope with me tonight I don't believe I could find them if I wanted to. Gentlemen, it's all over, all finished. You have a Union League Club here, but there is not a family of American people under your flag or any other flag which is not a union league. One flag, one land, one heart, one hand, one nation forevermore."

UNIFORM TEXT BOOKS.

Regarding uniform text books the Legislature has two bills that will come up later in the session, says a correspondent of The Times-Union. One is Senator McCreary's bill, known as No. 5, and the other is Senator Crane's bill, No. 112. The first measure will probably meet with general support. It provides for a subcommission which is a Democratic proposition and conforms to the primary system. It provides for a frequent change of officers, which is a wise safeguard. The bill seeks to include all books of the different grades, and recognizes existing contracts with the different counties, and endeavors to bring about a gradual conformity to the system rather than an abrupt one. The bill makes provision for the punishment of contractors attempting to influence elections. Under its rigid provision there need be no further rumors of book companies, or their agents, spending money in political campaigns. The argument that books have already been selected is not well founded, as one-half of the present school officers have been installed since the present contracts were made. It is not believed that county boards select the books without the advice of the principal teachers in each county.

Senate Bill No. 112, Mr. Crane's measure, provides for a small subcommission, which might be dangerous or not according to the composition of the commission, and it would not be so Democratic as this provision in Mr. McCreary's bill, which provides that the commission shall be confirmed by the Senate, while Mr. Crane's does not. Further, it makes the commission perpetual. This bill fails to include the high school books, and it is estimated that of all the books in use in the State one-third are high school books, and the most expensive. Therefore, the price should be reduced if possible. This bill does not recognize existing contracts, thereby making a very abrupt change, with the possibility of suits with various counties for breach of present contracts. Neither is there provision for the punishment of contractors trying to influence elections in the State. There is also a possible danger in the sending of manuscript or printed pages of the books instead of the books themselves.

When debate on these two bills takes place on the floor of the Senate, or in committee, the apparent good points in one and the supposed unwise provisions in the other may be reversed, but certain persons well posted in educational matters claim that if a uniform text book law is to be enacted, that contained in Mr. McCreary's bill is by far the most acceptable.

THE STATE'S DEBT OF HONOR

The debate in the Senate on Thursday on the minority report of Senator Adams, providing for the payment of the one hundred and forty thousand dollar appropriation for pensions out of the fund arising from the hire of State convicts, was a most interesting one. After its adoption the amendment to the bill offered by Senator Gillen, that the money be at once taken instead and immediately from the general fund before paying any of the appropriations provided for at this session of the Legislature, brought on more talk along the same lines. Those voting for this last amendment were Senators Blount, Gillen, Harris, Hudson, McCreary, Raney, Sams, Trammell and Wilson—9. The amendment was therefore lost, but its advocates improved the opportunity of debate to show they were as anxious that the pensions be paid immediately as were those that differed with them, with this difference, that they wanted the State to pay the State's debt of honor, and not the counties who would be seriously embarrassed by this unexpected depletion of their fine and forfeiture fund. They further claimed they even were anxious and were willing even in accordance with the amendment offered to go without their own pay, as it was asserted they might have to do until the pensioners were paid in full. In ending the long, and at times eloquent, debate, Senator Sams of Volusia, in his characteristic way, challenged the body to show any member who was not a true friend of the old soldier, and if such existed to there stand up and "have his picture taken." It is needless to say this challenge met with no response. Senator Sams, by the way, is an old comrade-in-arms of Alachua's able clerk of the circuit court, Hon. S. H. Wienges, and a true and tried veteran. He contended, as did his colleagues in the minority, that the pensions should be paid at once, but that the Confederate soldier fought for the State, and that the State should not shift the burden to the counties.

LEGISLATIVE NOTES.

Senator Canova has introduced a bill to prohibit the manufacture and sale of cigarettes and cigarette papers in the State. The first section provides that hereafter it shall be unlawful for any person to manufacture, or sell or give away in the State cigarettes or cigarette paper. By the word cigarette is meant not only what is commonly known as cigarettes, but any and all articles incased in paper, or other wrapper, and not composed entirely of tobacco in both filler and wrapper, and intended to be used for persons to smoke. By the words cigarette paper is meant such paper as is used, or intended to be used as wrappers for cigarettes.

Senator Trammell's bill providing for the recovery of unearned premiums in cases of loss by fire, was passed by that body.

The House was so well pleased with the reception at Pensacola, during the recent visit, that a vote of thanks was tendered the Escambia members and Pensacola Board of Commerce.

It took more of the United States navy to entertain the Florida Legislature at Pensacola than it did to entertain the Spanish at Santiago. But in both instances the entertainment was forthcoming.

ERIOUS ACCIDENT TO COLORED MAN

ill Sanford, Colored Brakeman, Run Over by Train.

OST AN EAR AND HEEL

eft Arm so Badly Mangled That Amputation Will be Necessary—Negro Was Working Between Cars, When He Stumbled and Fell.

Will Sanford, a colored brakeman in e employ of the Atlantic Coast Line, as the victim of an accident at Rohelle at an early hour Saturday morng which will result in the loss of an rm, an ear and a heel, to say nothing a mangled form which will cause im a great deal of pain for the next w weeks.

Sanford was employed on trains 208 d 209, a through freight service beween Palatka and Croom. In endeavring to uncouple some air locks while e train was moving slowly he stumled and fell between the cars. His ft ear and left heel was torn off, his ft arm badly maugled and the toes of e right foot mashed. It is a miracle at the victim emerged alive.

Sanford was brought to this city, here attention was rendered by the mpany surgeon, Dr. N. D. Phillips, d was sent on the noon train to the spital at Waycross, Dr. Phillips acmpanying the patient as far as High rings.

While Dr. Phillips did not amputate e arm, it is so badly crushed and herwise mangled that the physician els confident amputation will be cessary.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said 'There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

ROADMASTER JOLLY RETURNED FROM CUBA

Well Pleased With the Island and What He Saw There.

CANE FIELDS IMPRESSED HIM

Made a Trip Through the Sugar-Producing Belt, and Was Surprised at the Fertility of Soil—Likes Havana. Cuban Railroads.

Roadmaster J. S. Jolly of the Atlantic Coast Line returned Saturday from a visit of several days in Cuba, being the guest of his brother, Frank M. Jolly, agent for the P. & O. Steamship Company in Havana.

While Mr. Jolly made his headquarters in Havana, he visited various sections of the island, going as far as Batabano, a seacoast town nestled snugly on the shore of the Carribean sea, one of the terminals of the United Railways of Cuba.

"Batabano is a town of about 7,000 population, I should judge," remarked Mr. Jolly. "It is strictly a Cuban town, and its principal industry is fishing. I do not think I would appreciate Batabano as a permanent home."

Pleased With Havana.

"But Havana is altogether different. Havana is strictly Americanized, and one of the cleanest cities it has been my pleasure to visit. The streets are kept as clean as a floor, and a small army of scavengers and street sweepers are kept constantly engaged upon the thoroughfares. A large per centage of the residents, as we all know, are Americans, with the result that the American ideas and the American custom prevails in the metropolis of Cuba."

The Production of Sugar.

Mr. Jolly visited the cane growing belt, and was surprised at the vastness of the industry.

"The land is the richest I have ever seen," he said, "and it is no wonder that Cuba has gained the reputation of leading the world in the production of sugar. I saw thousands of acres of sugar cane growing prolifically, and a noticeable feature is that, as a rule, it is much larger and much taller than the American production. I noted hundreds of cars loaded with sugar cane for transportation to the sugar mills. To give an idea of the fertility and adaptability of this soil for the culture of sugar cane, I visited one plantation where the owner was getting sixty tons per acre, and the land had been cultivated for thirteen consecutive years."

Mr. Jolly states that he also saw growing, unprotected, thousands of large, fancy pineapples. In nearly every instance the growth was wild.

The Cuban Railroads.

"The railroads and railroading impressed me a great deal," continued the roadmaster. "The equipment of Cuban railroads is very similar to the equipment in this country, with the exception that the cars and locomotives are much smaller. There are three classes of travel, ranging from 6 cents a mile, first-class, to 2¼ cents third class. The first-class cars are luxuriantly equipped, are lighted by electricity, and passengers are kept cool and comfortable by electric fans, which are installed in either end of the car. The second and third class accommodations are also comfortable. All employes on Cuban railroads are natives."

Mr. Jolly was very much pleased with the climate of Cuba. He states that the temperature at this season is quite pleasant, and the nights delightfully cool, enabling one to rest well.

Fort Myers will make an effort to purchase apparatus for fighting fire.

Daytona will build six two-story brick stores and a large hotel the coming summer.

The Jasper Telephone Company is now in good working order with many places in that locality.

The bean crop near Anthony is now showing the effects of the cold spell of April 16th to 18th.

E. Dillingham is now the sole owner of the Daytona Novelty Works, McClellan & Edwards having retired.

The laying of mains for the waterworks of Miami is now completed, and that city now has an abundance of good water.

In a negro shooting affray at Live Oak, Bob Johnson was hit five times with a shot gun and still survives to tell the tale.

H. O. Docker, manager of The Times at Green Cove Springs, has been elected vice-president of the Florida State Midwinter Fair Association.

The Christian Banner is the name of a new religious paper published at Live Oak by Ben M. Caldwell and N. M. Summer. It is a well gotten up sheet.

Two bicycle thieves were sentenced to five years' imprisonment at St. Augustine. Mary Walker, colored, for using a knife too freely on another dusky dame got five years.

The machinery is being installed in the acid phosphate plant at Inglis. This will be an important industrial enterprise, and if successful another will be put in operation next year.

James Henderson, soliciting freight agent of the Atlantic Coast Line, was struck by an engine at Plant City and quite badly injured. The call was a close one, but he will soon be on deck again.

The harbor of Jacksonville is a busy one, vessels from foreign and domestic ports being there in large numbers. Few people realize the magnitude of the shipping unless they should happen to see the cargo one of these vessels carry.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Ex-Commissioner Gets Good Job.

Montgomery, Ala., April 29.—Hon. John Y. Smith, formerly president of the Alabama railroad commission and who was defeated for the office by B. B. Comer by a large majority has been appointed solicitor for the Louisville and Nashville railroad with headquarters in Montgomery. This announcement came as a surprise to the friends of Mr. Smith, who are now congratulating him. Mr. Smith says his duties will in no way conflict with those of Colonel Faulkner and George Jones, district attorney and assistant district attorney for that road, but that he will work in harmony with them.

Ballard's Horehound Syrup

THE GAINESVILLE DIRECTORY.

Work of Compiling Nearly Complete, and Book Will be Out in May.

After six weeks of strenuous work without interruption, during which a thorough canvass has been made of the residential and business portions of the city, Jesse E. Burtz, compiler of the Gainesville Directory, is about to complete his labors, and the copy will be in the hands of the printer within the next week.

In compiling this work the publisher has been very careful. It will contain the names of all residents over the age of eighteen, together with their occupation, street and number, together with a complete general and classified business directory. The book will be published strictly on the style of metropolitan directories, except that it will contain several illustrations of Gainesville and vicinity. The stock to be used will be a high grade of coated book, upon which the half-tone engravings will show to advantage.

The work of the compiler seems to be appreciated, since he is meeting with every encouragement by the business men, all of whom are showing their appreciation by a liberal advertising patronage.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

TRIAL AGAIN POSTPONED.

Gaynor and Greene Wanted at Savannah Still in Canada.

Montreal, April 29.—Messrs. Gaynor and Green have been put upon their defense. Magistrate LaFontaine, the extradition commissioner, announced today that he considered a prima facie case of conspiracy had been made between Gaynor and Greene, and Captain Carter, and others for the purpose of defrauding the United States government.

He, therefore, anounced that he was prepared to hear their defense.

Mr. Taschereau, on behalf of the defense, asked for a delay as he had already made an application to the court of appeals in Quebec which sits on Monday, for an appeal of the decision of Justice Davidson, who refused a writ of prohibition in the case. The reason he gave for the delay was that if the court of appeals sustained his appeal the case would be taken from the jurisdiction of Commissioner LaFontaine.

After argument, the judge decided to allow the case to stand until next Monday morning.

Cures Coughs and Colds.

Mrs C. Peterson, 625 Lake St., Topeka, Kan., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

THE NEWS FROM ALACHUA.

Death of a Little Girl—New Drug Store—Close of Alachua School.

Alachua, April 29.—One of the saddest deaths that has occurred in our town for some time was that of little Mildred Dorsey, the adopted daughter of Mr. and Mrs. B. W. Cato. She had been sick only a few days, and on Thursday afternoon she was stricken with paralysis and died Friday morning at 8:30 o'clock. Mildred was one of the brightest and sweetest children in town and had a host of friends. That unlucky number 13 plays a part in her death, as thirteen months ago today her mother and sister died. Mr. and Mrs. Cato have the heartfelt sympathy of the people of our town.

I. S. Futch is confined to his bed with typhoid fever.

Mrs. R. A. Turner and children have returned from an extended visit to South Florida.

S. C. Dell, the new postmaster, assumed the duties of postmaster on April 20th, and has moved the office to the store of Dell, Jordan & Co. It is his intention to give the public as good service as it is possible for him to give. Miss Daisy Dell is assistant and Pat Hubbard clerk.

The Alachua High School closed Friday and was celebrated by a big picnic at Burnett's Lake.

The Alachua Drug Company is the style of a new enterprise here, and their place of business the Caswell-Bell building. It is hoped the new firm will meet with success.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

Belgian Exposition Opened.

Liege, Belgium, April 29.—The international exhibition in Celebration of the anniversary of Belgian independence was opened here Thursday in Prince Albert, of Flander, in the presence of diplomatic corps, the civil and military authorities and has considerable numbers of visitors. Some time must elapse before the exhibition will be near completion. The buildings generally are handsome and the grounds, covering 170 acres at the junction of the rivers Meuse and Ourthe are tastefully laid out.

A Dare-Devil Ride

Often results in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. "I am in charge of this man Kean and he says I must go to the hospital and I guess I will have to acquiesce."

Mrs. Lee, who is at Fort Oglethorpe, Ga. with her daughter has been notified, as also had the son George, who is in San Francisco preparing to sail for the Philippines. The other son, who is in the Philippines, has been cabled of his father's condition.

A physician was taken aboard the train at Jersey City. At Philadelphia he gave place to another who accompanied the general to Baltimore, where still another was taken aboard and made the trip to Washington.

Since the first strok no change for the worse has taken place.

General Lee had been spending a few days in Boston and was returning to Washington on his way to join Mrs. Lee.

Major Kean, of the medical corps of the army, announced at 1 o'clock on leaving the beside of General Lee that there was no apparent change in his condition; that General Lee is conscious, but it will be impossible to tell what the outcome is to be for several hours. The entire left side is paralyzed.

Left Boston in Uusual Health.

Boston, April 29.—General Lee was in Boston yesterday to advocate the representation of Massachusetts at the Jamestown exposition in 1907. He appeared before the legislative committee on interstate relations during the afternoon and made a strong address in favor of having Massachusetts erect a state building at the Jamestown exposition.

He left here last evening apparently in his usual health.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Jews Permitted to Print Paper.

St. Petersburg, April 29.—Permission has been granted to publish in the capital a Jewish paper in the Hebrew language to be called "The Way." So far as known this is the first time a paper published in Hebrew has been authorized in Russia. The newspapers resent the protests in the British press over the capture of ships loaded with contraband bound for Japan pertinently pointing out that they displayed no concern about many ships bound for Vladivostok which were taken by the Japanese.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

Frenchman Appointed on Board.

Washington, April 29.—Ambassador Jusserand today informed Secretary Taft that the French government had designated M. Guerard as the French member of the board of consulting engineers attached to the Isthmian canal commission. M. Guerard is one of the French government engineers, being inspector general des ponts et chaussees. He was formerly engineer in chief of Mazelle's harbor.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen those organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Sold by J. W. McCollum & Co.

Block of Timber Causes Death.

Savannah, Ga., April 29.—George W. Lee was instantly killed yesterday morning at Tuten's mill, on the Seaboard Air Line railway, near Pembroke. A block of timber falling, a circular saw struck Mr. Lee over the heart and caused almost instant death. Mr. Lee was 45 years of age. He is survived by a widow and two children, who are now in Savannah.

Big Saw Mill Plant Destroyed.

Valdosta, Ga., April 29.—The large saw mill plant of R. J. and B. F. Camp at Whites Springs, Fla., was burned yesterday causing a loss of nearly $250,000. The origin of the fire has not been learned, and it is not known yet how much lumber was destroyed by the fire. The mill was one of the largest and best equipped concerns in the south.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and $1.00 bottles at all drug stores. Trial bottle free.

Prof. M. H. DeLand arrived in the city yesterday from Alachua, and will remain here indefinitely. He has just closed a successful term of the Alachua school, and was ably assisted by Misses Newsome and Rosa May. The enrollment of the school was 125, with a good average attendance. The faculty and pupils and their friends celebrated the occasion Friday by a picnic to Burnett's Lake, which was well attended, and it is needless to add greatly enjoyed.

In mentioning the eighty-sixth anniversary of the Odd Fellows by Center Lodge No. 11, which occurred Friday evening, The Sun unintentionally omitted the names of Marcus Endel, Geo. M. Lynch and Past Grand Master B. L. Baldwin, all of whom delivered appropriate and impressive addresses upon this occasion. The affair was one of the most enjoyable and interesting ever held by Center Lodge, and the large crowd present will long remember the occasion.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

W. C. T. U. CONVENTION.

Most Interesting Session of State Convention in Jacksonville.

The superintendent of press work of the W. C. T. U. of this city, who attended the State convention in Jacksonville, furnishes the following interesting report of the closing days:

Wednesday Evening.

The medal contest was the best it has ever been our pleasure to attend. Everyone that appeared before the audience was classed a leader, but to little Miss Frieda Till was awarded the gold medal, and it can be said in justice to the other contestants that she won it on her own merit, and fairly.

Thursday Session.

A busy day at convention. New officers elected: President, Miss Minnie Neal; corresponding secretary, Miss Parker; recording secretary, Mrs. Dodge; treasurer, Mrs. Anthony. Closed with demonstration night.

Tuesday Morning.

After a delightful devotional service the closing business of the convention was continued.

A resolution was passed that the convention endorse the appeal of the East Florida Seminary for an appropriation from the State for a girls' industrial school in connection with East Florida Seminary.

The convention closed by all joining hands and singing "Blessed be the tie that binds," and we return home feeling that it was good to be there.

Opening of Continental.

The Continental Hotel at Atlantic Beach will open for the summer season of 1905 on Thursday, June 1st, under the direction of H. E. Bemis, who is manager of the Colonial at Nassau, N. P., during the winter tourist season; also manager of the Bedford Springs Hotel at Bedford Springs, Pa.

Prospects are good for the best season of any ocean resort on the Atlantic Coast, south of Atlantic City, and the train service from Jacksonville will be correspondingly increased to meet the demand.

Mr. Bemis may be addressed at No. 226 West Bay street, Jacksonville, Fla., until June 1st.

Attention, Odd Fellows.

Attention is called to the regular meeting of Center Lodge No. 11, I. O. O. F., which will be held Monday evening at the lodge room over Dutton's bank, beginning at 8 o'clock. There will be work. A full attendance is desired, and visiting brothers are cordially invited to attend.

J. W. BLANDING, N. G.
J. G. TORREY, Secretary.

W. C. T. U.

The W. C. T. U. will hold its regular monthly business meeting at the reading room tomorrow (Monday) afternoon at half-past three o'clock. The delegates to the State convention will give their report and a full attendance of the members is desired.
